Case No. 2014-00405

To the Commission:

The Elkhorn Water District respectfully requests that the Commission allow us to make an adjustment in our rates in accordance with 807 KAR 5:068 Purchased Water Adjustment Clause.

The District purchased 65,264,900 gallons from October 2013 to September 2014. The District sold 54,024,500 gallons to its customers. The effective cost of water purchased was \$2.21 (with the Kentucky River Authority fee) during the test period. With the wholesale increase by the Frankfort Electric Plant Board the new cost it expected to be \$2.45 (with the Kentucky River Authority fee) making the total new cost \$159,899.01. The difference between the old cost and the new cost it expected to be \$15,663.58; the incremented cost in terms of gallons sold is \$.29 per 1,000 gallons. We propose to raise each gallonage block that amount.

The following documents are enclosed:

Purchased Water Rate Adjustment  
Copy of Tariff  
Statement of Water Purchased and Sold  
Notice to Customers  
Tariff Sheet

If you have any questions, please contact the office at 695-4431

Sincerely,

*Michael Dudgeon (GP)*
